**Subject:** Please HELP us save our drinking water in Tega Cay!

**I know I have written you all before but we are in desperate NEED of your help here in Tega Cay!**

**I have sent you pictures before but the ones I am sending you today are ones that I took (personally) on January 11, 2014.**

**This company (UI/TCWS) had HUGE pumper trucks (one after another) pumping sewage into them for hours and still could not keep up with sewage overflowing into our lake (our drinking water) and the cities storm water drains.**

**This is just one of the many spills they had that day!**

**I am sure you all understand that this lake (Lake Wylie) is not only for recreation for us but it IS ours and surrounding communities' drinking water!**

**We desperately need you to help us fight this company that has constantly put us all in harm's way!**

**Please take a couple minutes and look at the pictures I have attached I think they speak for themselves.**

**Thank you and I look forward to your response,**

**Jolene Church**
